

Special prize „soloist violin“

Stefan-Peter Greiner is a world star of modern violin making. His instruments are among the best in the world. Numerous soloists who could play a Stradivarius choose an instrument by Greiner instead. Soloists who play a Greiner violin include Christian Tetzlaff, Antje Weithaas, Hanna Weinmeister, and Leonidas Kavakos. In addition, Greiner violins are played by orchestral musicians in chamber music groups and almost all of the world's top orchestras.
